SUMMARY

Result oriented Associate General Counsel who worked for eight years in the field of aviation for different firms and for 25 years as an Attorney. Strong leadership skills and background as an administrator and transactional attorney in aviation law and aircraft manufacturing. As General Counsel at Mooney Airplane Company Inc. managed a business unit that deals with parts, facilities, and real estate. Responsible for all corporate legal matters. Directed and supervised outside counsel on litigation matters and lobbied members of Congress concerning issues facing the aviation industry.

At Fairchild Dornier Corporation negotiated multimillion-dollar transactions for equipment, procurement, construction, real estate and aircraft lease/purchase agreements for international clients. Built relationships with new business customers and planned aviation construction projects. Worked with CFO's and senior level management to address customer acceptance, close on aircraft sales, and manage scheduling issues. Served as an attorney in the fields of finance, health, FAA related accidents, and as a criminal prosecutor during career.

CAREER HIGHLIGHTS

Aviation Law

- Oversee and supervise litigation of four outside counsel on legal matters as General Counsel at Mooney Airplane Company, Inc. Administer direct billing, plan strategies and locations for court trials. Responsible for all contracts and insurance policies. Manage a new business unit involved with contract parts manufacturing, facilities, real estate issues, and flight test management for new aircraft models. Provide guidance to CEO's, CFO, and members of the board of directors. Lobby Members of Congress on current aviation issues.
- Sole In-house Counsel for M7 Aerospace LP. Managed daily legal issues of the entity that purchased the US assets of Fairchild Dornier. As former Contract Director and Associate General Counsel at Fairchild Dornier Corporation, San Antonio, Texas, developed domestic and international experience in negotiating and drafting aircraft lease/purchase agreements, real estate leases, procurement agreements and plant expansion construction agreements. Drafted contract for 19 aircraft worth over \$240 million for an international client. Monitored corporate contracts and acted as a troubleshooter and problem-solver. Worked with government, private industry and international clients to promote the company's legal and financial interests. Resided in Germany to work with German contracts department reviewing corporate documents.
- As an Associate Attorney for Marshal S. Filler, P.C. specialized in aviation law. Handled cases involving the FAA and National Transportation Safety Board (NTSB). Investigated airline tragedies, potential FAA violation cases and aircraft maintenance problems. Researched multiple state laws for criminal liability, damages, statutes of limitation, and causes of actions and harm theories related to FAA enforcement actions. Attended Congressional Hearings and conferences to

resolve alleged FAR violations. Reviewed bilateral aviation agreement regarding redress from overseas parts manufacturers and researched reciprocal airworthiness requirements to solve international disputes.

Management & Finance

- As Contract Director and Associate General Counsel at Fairchild Dornier Corporation, drafted Residual Value Guarantees in aircraft purchase agreements and explained these guarantees to prospective customers that resulted in the facilitation of loans and increased the client’s bottom line.
- Negotiated with national insurance companies on behalf of policyholders regarding coverage disputes and consistently obtained payment of challenged claims.
- Served as a Corporate Vice President and member of the Board of Directors of FHK Corporation, Milwaukee, WI, and a large health insurance agency. Directed all operations including corporate planning and claim management. Produced revenue of \$15 million and supervised staff of 27.
- As an Associate Attorney, for Arthur J. Blumenthal, S.C. Milwaukee, WI, worked with clients who owned publicly traded companies. Researched SEC and IRS rules and regulations.
